42nd Annual Joseph H. Calhoun, MD Pediatric Ophthalmology Forum

Originally Presented: Friday, November 7, 2025

Wills Eye Auditorium

Conference Description:
Pediatric ophthalmologists face several challenges in diagnosing and treating pediatric eye conditions. These challenges include managing complex strabismus cases while adhering to accepted standards of care, addressing diagnostic dilemmas related to anterior segment disorders, and navigating treatment options for red eye, trauma, amblyopia, refractive error, and pediatric cancers. To enhance their competence, this activity focuses on integrating current and new technologies into care plans, and emphasizing case-based learning. By participating, pediatric ophthalmologists will improve their ability to provide optimal care for young patients with difficult or uncommon eye conditions.

This weekend was a partnership between Wills Eye Hospital and the Children's Hospital of Philadelphia. Full weekend details are below.

Weekend Event Information

Thursday, November 6, 2025 - 2:00 PM - 6:00 PM [This activity does not offer CME credit.]

Joel Porter, M.D., Wills Eye Resident, Class of 1970 Visiting Professor Lecture in Pediatric Ophthalmology & Strabismus presented by Wills Eye Hospital

Saturday, November 8, 2025 - 8:00 AM - 12:00 PM

New Frontiers in Pediatric Ophthalmology: 21st Annual Children's Hospital of Philadelphia Update on Pediatric Ophthalmology and Strabismus Conference

This half-day course is intended for pediatric ophthalmologists, oculoplastic and orbital surgeons, neuro-ophthalmologists, pediatric healthcare providers and general ophthalmologists, optometrists, orthoptists, ophthalmic technicians, and other specialists interested in pediatric ophthalmology.

Registration will begin at 7:30 a.m. on November 8. Registration includes continental breakfast, program materials and parking.

This event will be held at:
Children's Hospital of Philadelphia
HUB Clinical Collaboration Building
3500 Civic Center Boulevard
Philadelphia, PA 19104

At the conclusion of the course, participants should be able to:
1 Integrate the accepted standard of care for common pediatric ophthalmology problems in the community into practice.
2 Develop care plans to address diagnostic or treatment dilemmas in strabismus cases.
3 Recommend to caregivers the appropriate management options based on peer input.

Accreditation Statement:
The Wills Eye Hospital is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Credit Statement Designation:
Wills Eye Hospital designates this Live Activity for a maximum of 6.50 *AMA PRA Category 1 Credits*™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Disclosure Statement:
It is the policy of Wills Eye Hospital that the information presented at Wills Eye Hospital's CME activities will be commercially unbiased and based on scientific and clinical evidence. To help participants make judgments about the presence of commercial bias, Wills Eye Hospital provides information that planners and speakers have disclosed about financial relationships they have with commercial entities that produce, market, re-sell, or distribute health care goods or services consumed by, or used on, patients. All relevant financial relationships have been mitigated.
